

# CSIF

(CLINICAL SITE INFORMATION FORM)

## Clinical Site Information Form (CSIF)

Washington University's Program in Physical Therapy is now using the CSIF Web which transforms the APTA CSIF from a static document to a dynamic online survey, complete with tools which will help the academic programs analyze and validate data annually. CSIF Web saves clinical sites time by updating their information online and in one place; provides academic programs with the ability to view, query, and export site data, manage contract renewal dates, and report on clinical site information; and enables students to view and search clinical site information to make informed decisions.

**How to access CSIF Web:** To complete your Clinical Site Information Form (CSIF) online, visit <https://csifweb.amsapps.com>. If you have a Physical Therapist and/or Physical Therapist Assistant Clinical Performance Instrument (CPI) Web account, please use the same username/password to login to CSIF Web. If you do not have a username/password, please contact Academic Software Plus support at [csifwebsupport@academicsoftwareplus.com](mailto:csifwebsupport@academicsoftwareplus.com) for assistance..

An electronic version of the CSIF can be found on the Program website: <http://pt.wustl.edu/> , go to information for clinical instructors and resources.
