

CURRICULUM VITAE

DATE: July 2023

NAME: Beth Elaine Crowner PT, DPT, NCS, MPPA

CONTACT INFORMATION:

Business: Washington University Program in Physical Therapy
4444 Forest Park Boulevard, Campus Box 8502
St. Louis, Missouri 63108
Voice Mail: 314-286-1416

Email crownerb@wustl.edu

PRESENT POSITION: Professor of Physical Therapy and Neurology
Program in Physical Therapy
Washington University School of Medicine

EDUCATION:

<u>Degree</u>	<u>Institution</u>	<u>Field</u>	<u>Date</u>
BS	Washington University St. Louis, MO	Physical Therapy	1989
MS	Washington University St. Louis, MO	Physical Therapy	1989
MPPA	University of Missouri St. Louis, MO	Public Policy Administration	1997
DPT	Washington University St. Louis, MO	Physical Therapy	2007

ACADEMIC POSITIONS / EMPLOYMENT:

Physical Therapist	Christian Hospital Northeast St. Louis, MO	05/89-01/90
Level II Physical Therapist	St. John's Mercy Medical Center St. Louis, MO	01/90-01/93
Senior Physical Therapist	National Rehabilitation Hospital Washington, D.C.	01/93-09/93
Team Leader/Supervisor	St. John's Mercy Medical Center St. Louis, MO	09/93-01/03

Washington University School of Medicine

Academic/Department Rank

Instructor	Physical Therapy	2003-2007
Assistant Professor	Physical Therapy and Neurology	2007-2012
Division Director of Clinical Practice	Physical Therapy	2007-2020
Associate Professor	Physical Therapy and Neurology	2013-present
Professor	Physical Therapy and Neurology	2017-present

CLINICAL TITLE and RESPONSIBILITIES:

Washington University School of Medicine-Department of Neurology Movement Disorders Clinic: Physical Therapist	2003-2004
--	-----------

Beth Crowner

Clinical Responsibilities: direct care of patients with Parkinson Disease; consultation with clinic physicians for patients myriad movement disorders.

Washington University School of Medicine-Program in Physical Therapy 2007-2020

Washington University Physical Therapy Clinics:

Division Director Responsibilities: oversight of clinical operations of the Washington University Physical Therapy Clinics; strategic planning for the clinical practice; integration of the clinical mission with the research and education missions of the Program in Physical Therapy; integration of clinical residencies and fellowships within the faculty clinical practice.

Washington University School of Medicine-Program in Physical Therapy

Washington University Physical Therapy Clinics: Physical Therapist

2003-present

Clinical Responsibilities: Direct care of patients with neuromuscular conditions

Past Clinical Responsibilities

Provided direct patient care in large teaching hospitals across the continuum of care; participation in interdisciplinary patient evaluation, management, and discharge planning; supervisory oversight of physical, occupational, speech, and recreation therapy in the acute and inpatient rehabilitation at St. John's Mercy Medical Center.

TEACHING TITLE and RESPONSIBILITIES:

Current Teaching Responsibilities

Professional Clinical Doctorate (DPT) Curriculum (WUSM)

Organizational and Management Issues (PT 651)

Course Master: 2003-present

3 Credit hours

Domain Lead: Systems Based Practice

Thread Lead: Diagnosis and Management of Movement Problems

Module 2: Lecturer and Lab Assistant

Module 3: Lecturer and Lab Assistant

Module 4: Lecturer and Lab Assistant

Module 5: Build Team Member, Lecturer and Lab Assistant

Module 6: Build Team Member, Lecturer and Lab Assistant

Past Teaching Responsibilities

Professional Clinical Doctorate (DPT) Curriculum (WUSM)

Participation in, and coordination of, lecture and laboratory courses focused on safe handling and basic exercise strategies with wide array of patients; clinical education team member: clinical experience mentor and advisor for professional students during full time and part time clinical clerkships and internship. 2003-2007

Essential Clinical Skills I (PT 603)

Lecturer: 2007-present

Course Master or Assistant: 2003-2007

4 Credit hours

Diagnosis and Management of Neuromuscular Conditions I (PT 629)

Course Master: 2013-2021

2 Credit hours

Beth Crowner

Diagnosis and Management of Neuromuscular Conditions II (PT 643)
Course Master: 2014-2018; Course Assistant 2018-2022
4 credit hours

Diagnosis and Management of Neuromuscular Conditions (PT 639)
Lecturer and Lab Assistant: 2003-2006
Course Master: 2007-2013
4 Credit hours

Participation in selected other courses for the professional clinical doctorate curriculum:
Case Integration I (PT 628), Case Integration II (PT 642), Case Integration III (PT 654), and Diagnosis and Management of Musculoskeletal Conditions I (PT 614), Professional Issues and Skills Development I (PT602), Professional Issues and Skills Development III (PT635), Professional Issues and Skills Development IV (PT 655), and Health Fitness and Prevention (PT653), Inter-professional Education (Center for Inter-professional Practice and Education)

Post-Professional Clinical Doctorate

Dynamics of the Healthcare System (M22 640)
Lecturer 2007 and 2011

PhD in Movement Science

Dissertation Reviewer

“Biomechanical and Neural Factors Associated with Gait Dysfunction and Freezing in People with Parkinson Disease”

Daniel Peterson, 2013

“Motor adaptation and automaticity in people with Parkinson’s disease and freezing of gait”

Sam Nemanich, 2016

UNIVERSITY, SCHOOL OF MEDICINE and HOSPITAL APPOINTMENTS and COMMITTEES:

Program in Physical Therapy

Committee on Academic and Professional Evaluation of Students (CAPES) Member	2003-present
Competency Attainment Committee	2021-present
Admissions Committee-Professional Curriculum	2004-2014 2020-present
Research Advisory Committee Member	2012-present

School of Medicine

Selection Committee for Distinguished Clinical Faculty Award	2007, 2009
Executive Committee of the Faculty Council (ECFC)-at large representative	2008-2010
-program representative	2012-2015
Diversity and Inclusion Institute for Healthcare	2011-2012

Barnes-Jewish Hospital

Allied Health Professional Committee	2007-2009
--------------------------------------	-----------

Danforth and School of Medicine Campuses

Diversity and Inclusion: Eliminating Technology Barriers Working Group	2016
--	------

LICENSURE and CERTIFICATION:

Missouri Board of Registration for the Healing Arts (No. 01976) 1989-present
Previous licensure in Maryland, Virginia, and the District of Columbia

CLINICAL SPECIALIZATION:

Neurologic Certified Specialist through the 2005-present
American Board of Physical Therapy Specialties (recertified in 2015)

HONORS AND AWARDS:

Academy of Neurologic Physical Therapy, Excellence in Neurologic Education 2021

EDITORIAL RESPONSIBILITIES:

Journal

Neurology, Manuscript Reviewer 2008-present

Journal of Pediatric Neurology, Manuscript Reviewer 2009-present

Journal of Neurologic Physical Therapy, Manuscript Reviewer 2009-present

NATIONAL PANELS, COMMITTEES, BOARDS:

American Physical Therapy Association 1986-present

Section Membership

Missouri Physical Therapy Association 1989-present

Nominating Committee (Eastern District MPTA) 2006-2009

District of Columbia Physical Therapy Association 1993

American Board of Physical Therapy Specialties

Specialization Academy of Content Experts (SACE) 2008-2010

Item writer for the Neurologic Clinical Specialist board examination

Academy of Neurologic Physical Therapy (Formerly the Section on Neurology-APTA)

Member 2004-present

Balance and Falls Special Interest Group-Nominating Committee/Chair 2011-2014

StrokeEDGE taskforce 2010-2011

Practice Committee 2011-2014

Board of Directors: Director of Practice (elected 2014; re-elected 2017) 2014-2020

Co-Chair: Knowledge Translation Taskforce for PD CPG 2021-present

Section on Pediatrics (APTA)

Member 2005-2014

Section on Health Policy and Administration (APTA)

Member 2014-2018

Academy of Physical Therapy Education

Member 2019-present

COMMUNITY SERVICE CONTRIBUTIONS:

St. Louis Children's Hospital-Cerebral Palsy Center

Coach for cerebral palsy basketball clinic for children ages 12+ 2001-2003

Service for Washington University School of Medicine

Mini Medical School	2005
Minority Career Fair	2005-2007
School of Medicine Health Professional Student Leadership Council -Integrated Case Study	2011-2013

Service for Washington University

Alumni and Parents Admission Program	2019-present
--------------------------------------	--------------

Other Service

Invited presentation to national meeting for Huntington's Disease	2004
Invited presentation to regional support group for Huntington's Disease	2006
Provided a talk to a national audience of patient's families and clinicians on the role of physical therapy intervention in Progressive Supranuclear Palsy	2006
Participated in the creation/filming of an educational video for assessment and treatment of individuals with Parkinson disease (APDA)	2011
Creation of newsletter article for the APDA on treating freezing of gait	2015
Created a newsletter article for the APDA on exercise and fall prevention	2017
Provided community talk on fall prevention at Delmar Gardens	2017
Provided community talk to support group for patients with ataxia on the role of physical therapy and exercise	2018
Provided community talk to support group for patients with dystonia on the role of physical therapy, exercise and strategies for symptom management	2020

INVITED PROFESSORSHIPS and LECTURESHIPS:

“Balance of Power: How to Keep From Falling Down In the Assessment and Documentation of Postural Control”

Crowner BE

Missouri Physical Therapy Association-Eastern District Meeting
September 2004

“Recent Research and Practical Applications in Motor Control”

Crowner BE, Earhart GM, and Lang CE

Missouri Physical Therapy Association-Fall Conference
October 2007

“Incubating Innovation”

Bezner J, Crowner B, Deusinger S, Gandy J, Johnson M, and Wilson J

APTA Combined Sections Meeting-Educational session
February 2010

“StrokEDGE: Report and Recommendations from the Neurology Section Taskforce on Outcome Measurement for Individuals with Stroke”

Sullivan JE, Pinto-Zipp G, Rose D, Kluding P, Nichols D, Crowner B, Yoshida R

APTA Combined Sections Meeting-Educational session
February 2011

“The Vision of Physical Therapy Services in the Emergency Department: Making it a Reality”

Deusinger SS, McDonnell DA, Wendl PM, Crowner BE, Burlis TL

APTA Combined Sections Meeting-Educational session
February 2012

Beth Crowner

“An Evidence-Based Approach to Examination and Intervention for People with Parkinson’s Disease Across the Continuum of Disability”

Crowner BE and Duncan RP

Missouri Physical Therapy Association-Fall Conference

October 2012

“Neurological Rehabilitation: Strategies for Maximizing Intensity Across the Rehabilitation Continuum”

Mitchell K, Lang CE, Hayes H, Crowner B, Osborne MB

APTA Combined Sections Meeting-Educational session

January 2013

“Neurologic Practice Issues Forum: Selection of objective measures in neurologic rehabilitation- Maximize your skills in coding, motivating patients and detecting change to improve patient outcomes”

Mitchell K, Studer M, Crowner B; Moore J, Van Der Laan K

APTA Combined Sections Meeting-Educational session

February 2014

“Does Medicare Really Cover Maintenance Therapy”

Brown J, Crowner B, Drummond-Dye R, King T, Studer M

APTA Combined Sections Meeting-Educational session

February 2015

“The Dilemma of Balance Rehabilitation: Prescribing the Right Dosage of Difficulty for Each Patient’s Program”

Crowner B, Espy D, Linder S, Printz C, Studer M

APTA Combined Sections Meeting-Educational session

February 2015

“An Evidence-Based Approach to Examination and Intervention for people with Parkinson’s Disease Across the Continuum of Disability”

Physical Therapy Special Interest Group-Belleville Memorial Hospital

Crowner B, Duncan R

August 2015

“What Is Backward Disequilibrium and How Do I Treat It?”

Scheets P, Crowner B, Stith J

APTA Combined Sections Meeting-Educational session

February 2016

“From Theory to Clinical Practice: Using Clinical Practice Guidelines to Implement Evidence Based Care across a Variety of Physical Therapy Settings”

Crowner BE and Holtzman GW

Missouri Physical Therapy Association-Fall Conference

October 2016

“Utilization of Knowledge Translation in Neurologic Physical Therapy Practice”

Crowner B, Tilson JK, Siles A, Rafferty MR

APTA Combined Sections Meeting-Educational session

January 2019

Beth Crowner

“Integrating Current Evidence into Neurologic PT Educational Programs”

Hornby TG, Crowner BE, Lang CE, Reisman D, Moore JL, Holleran C, Earhart GE, Duncan RP, Morris L
APTA Combined Sections Meeting-Pre-Conference Course
January 2019

Building Capacity for Knowledge Translation in Rehabilitation

Crowner B, Moore J, Hornby T, Robinson J, Goodwin L, Hennessy P, Scheets P, MacDonald J, Rafferty M
APTA Combined Sections Meeting-Educational session
January 2019

Building Capacity for Knowledge Translation in Rehabilitation

Crowner B, Fritz N, Goodwin L, Hennessy P, Hornby TG, Moore JL, Robinson J
APTA Combined Sections Meeting-Educational session
February, 2021

Parkinson’s Foundation Course for DPT Faculty Educators

June, 2022

Implementation Strategies for the Clinical Practice Guideline for People with Parkinson Disease

Crowner B, Rafferty M, Kegelmeyer D, Criminger-Morris C
APTA Combined Sections Meeting-Educational session
February, 2023

Let’s Get Moving! Tools for the Real World, Implementation of the Parkinson Disease CPG

Crowner B, Criminger-Morris C, Kegelmeyer D, O’Neil L
APTA Combined Sections Meeting-Pre-Conference Course
February, 2024-Accepted for presentation

RESEARCH SUPPORT

Governmental

Co-Investigator

Botulinum Toxin’s Effects on Plantar Ulcer Recurrence

PI: Mary Hastings, PT, DPT, ATC

Source: NIH; 1R21 HD048972-01

January 2004-December 2008

Non-Governmental

Principal Investigator

Systemic Effects on Strength Following Botulinum Toxin A Injections in Children With Cerebral Palsy

PI: Beth Crowner PT, DPT, NCS, MPPA

Source: Internal funding, Department of Neurology and the Program in Physical Therapy, Washington
University School of Medicine

July 2005-June 2007

Co-Investigator

Botulinum Toxin A for Lower Extremity Spasticity in Children with Cerebral Palsy: a single blinded trial
comparing two dilution techniques

PI: Susan Criswell, MD

Source: Internal Funding, Program in Physical Therapy, Washington University School of Medicine

April 2007-2009

Principal Investigator

The Use of Sensory or Motor Cues Using Electrical Stimulation to Reduce Gait Freezing in Patients with Parkinson Disease

PI: Beth Crowner PT, DPT, NCS, MPPA

Source: Internal Funding, Program in Physical Therapy, Washington University School of Medicine
October 2007-September 2009

Principal Investigator

The Impact of Botulinum Toxin Injections on Gait, Function, Motor Control and Quality of Life in Children with Cerebral Palsy

PI: Beth Crowner PT, DPT, NCS, MPPA

Source: Internal Funding, Program in Physical Therapy, Washington University School of Medicine
February 2010-2012

TRAINEE/MENTEE/SPONSORSHIP RECORD:

Independent Study (M22 500):

“Advanced Topics in Physical Therapy Professional Practice”

Toby Kinney, 2008

“Use of Gait Velocity and Distance Measures to Predict Functional Independence in Patients with Stroke”

Merri Leigh Johnson, 2008

“Outcome Measures Use and Implementation for Individuals following Spinal Cord Injury”

Stacy Kinstler, 2010

“Efficacy of respiratory exercises and assisted technology in improving pulmonary function and cough production in patients with spinal cord injury”

Melanie Orell, 2012

Capstone Project (M22 820)

“Effects of the Wii and Wii Fit on Outcomes in an Individual with Chronic Stroke”

Jennifer Wang, 2009

“Heterotopic Ossification in Burn Injury: Risk factors, Prevention, and Surgical Outcomes”

Melanie Orell, 2013
